Happy Father's Day

May Showers

June, 2009

We've had a bunch of rain this month. After a couple of years of it being so dry and having to contend with drought conditions it seems like we ought to be caught up with our water.

We started the month with a chapter ride to the Asheboro Open House put on by Chapter G High Point. The new North Carolina Motorcycle Drill Team put on a fine performance. These guys looked like they been together for years but actually only been together for months. They will represent our state well in all their competitions. It's time to sign up to work Wings Over the Smokies. I'll be passing around a sign-up sheet to collect your shirt size. It won't be long before its rally time again!

As I write this months article Memorial Day is coming to an end. This means summer has un-officially started. I hope this year everyone has a safe and happy summer with lots of trips and adventures.

Until next time,  
Randy D.

Randy and Tim say a Friday night Dinner Ride is not complete without a Ice Cream Run.

## RIDER EDUCATION

I'm writing this article from St Augustine Florida we have been on the road for 10 days and we've been rained on every day so as you can guess my article will be about riding in the rain. When it starts to rain and you are on your bike the first thing that happens is you get wet. (No DAAAAAA)

You stop somewhere safe and put on your rain suit. This isn't a simple task some times, so make sure when you buy a rain suit that it fits easily over your boots.

The next thing you must worry about is traction or the lack of it. Your movements should be slow and smooth, minimize you lean angles and give yourself more room to stop. Your space cushion should get larger as well, increase your following distance. Make yourself as visible as possible because the rain will try to hide you from the cars around you. Riding in the rain sucks, as we all know, but with these few simple tips it won't end your trip.

As always Ride Safe  
Gerry

### The Tech Guy

After researching what brand of tires to replace the Michelin Pilot GT's on my GL1500, I narrowed it down to another set of Pilot GT's or trying the Elite III's by Dunlop. The Pilot's only negative was that they sang like a banshee!

Next I pulled my records and found that the Pilot's gave me 19,242 miles of trouble free service. That is mostly Two Up with a trailer. Of course I try to keep check on the pressures. As I was scribbling this Tech Tip I ran across this thread on the message board. I inserted this part as I had the exact same experience described here! Anyone needing tires please read over this.

Thanks Tim Pennington

From what I have been reading, Metzler's have been experiencing more than tread separations recently. They have been problems with the tread separating and leaving the tire altogether.

Recently there was a three-page article in Wing World from Bruce Johnson about his run in with the Metzler ME 880 bias ply tires on his GL1500. It is an excellent article including pictures of the failed rear tire. This is in the December 2008 Issue of Wing World magazine, pages 56 through 58 and it is available online at <http://www.wingworldmag.com/>. The title of the article is Rescued in Iowa: Everything that is right about GWRRA.

A few months prior to this article appearing in the Wing World magazine, one of our chapter members experienced an identical failure on the rear Metzler ME 880 of his 90 GL1500. At that time he thought it was a fluke and had a new set of ME880's mounted on his '90 GL1500.

Since reading this article and then having the same problem with his ME880's, he has now removed the ME880's from his GL1500. His son has an '87 GL1200 Aspencade and he too experienced the separation and loss of tread in two different places on the rear tire of his Metzler ME880. This happened only a few weeks ago.

A call was made to Metzler in an attempt to see if they were aware of the problem and/or make them that there is a continuing problem. The individual at Metzler who answered the call only said that if he had a problem to report it to the NHTSA if he felt like it and gave him the number to call. So, he did and left a message. A Mr. Mark Swanson, Safety Defense Investigator with the National Highway Safety Administration, returned his call. Pictures of the failed tires have been sent to Mr. Swanson along. Also, Mr. Swanson has sent a prepaid return shipping authorization for the tire carcass. This most recent defective tire will be shipped to them this week. He said that if anyone else had issues with these tires that he wanted to hear about it. His email is [mark.swanson@dot.gov](mailto:mark.swanson@dot.gov). His phone number is 202-366-7020

## Chapter A2 COUPLE OF THE YEAR

**Bill & Deidre Sprinkle**

**Greetings from your Chapter Couple. We do not have much to report this month. We continue to work on our upcoming Golf Tournament. Please remember Chapter A Greensboro's Yard Sale on June 6, 2009. All proceeds will go to help Christine.**

**We participated in the Road Captain's Course on May 16, at Tom Fitzgerald's home. After the book part, we were divided into 3 groups and took a nice 40 mile drive around Forsyth County.**

**We continue to do well with our can food donations to the Senior Pantry in Lexington and we want to thank everyone who has donated items for our Christine raffle at the meetings. Everyone has been so generous, and it is greatly appreciated.**

**Do not forget our Care Bear ride on June 27, followed by fun at the Lake. I will have printed directions at the meeting if anyone needs them. Also, make Ride for Angels Hospice Ride. July 18. Rain date is July 19,. It was a big success last year and they are hoping for greater things this year.**

**Until next time, Ride Safe.**

**Your Chapter Couple,**

June 13 Sonny & Betty Dye  
June 16 Bill & Becky Plyler  
June 18 AC & Edna Pennington**

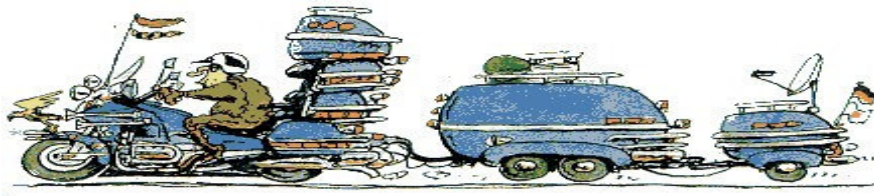

**2003 Darrell , Karen &  
Kyle Freedle**

Below is the Raffle List. You do not have to do a cake, although food is popular. You can bring anything you think would be a good raffle item. The raffle is to raise money for Christine's fun raiser. We are trying to buy her a new Wheel Chair (\$10,000). Several Chapters are helping us.

June	Nick & Lynn Nicholson
July	Bill & Deidre
August	Steve & Robin
September	Bernie's Mom – lap quilt
October	Gerry & Peggy
November	
December	

We are doing the Ride Coordinator of the Month again this year.  
Below are the months that have been signed up for.

June	=	Lynn Nicks and Cathy Broughman
July	=	Don Pennington
Aug	=	Steve & Robin Deane
Sept	=	Sonny & Betty Dye
Oct	=	Gerry & Peggy Grotberg

**Be sure to follow these guidelines:**

Choose one or two main rides for the month

Choose the third Friday night dinner ride

If possible include a local GWRRA event

Include at least one Chapter visitation

Publish the ride schedule to the chapter two (2) months prior to your month.

- When planning your rides, check the **District Event calendar** so our members can also attend the District events and help support other chapters like they support your chapter.

The key is to get the ride schedule out as soon as possible to ensure a good turnout!  
**As soon as you get your ride schedule together, send it to Bernie & Dottie and they will go ahead and publish it in the newsletter so everyone can make plans to attend ahead of time.** This is Your chapter so lets get out and get back to Riding Together as a chapter.
