I woke up between dawn and night, Thought I heard the voice of mommy HHHHHHHHHHHHHHHHHHH
Sounds as if my parents have a fight
So I woke up my brother lying next to me HHHHHHHHHHHHHHHHHHH HHHHHHHHHHHHHHHHHHH

(chords: intro)
I wonder why she's making all that noise, Better go and check it out HHHHHHHHHHHHHHHHHHH
So without trying to breathe, only the sound of little feet
We're about to discover what that noise was all about

Chorus:
Am C/G Am D/F#
And as we opened up the door, we saw them
G G/F# Em7
lying on the kitchen floor, we were
Am C/G Am D/F#

HHHHHHHHHHHHHHHHHH
And then we understood at last
It was a surprise breakfast they were planning

(chords: chorus)
Mommy stumbled, later kids you'll understand
While dady was busy putting on his pants
We said we already do, don't worry we'll do the rest
So far for our quest, we made coffee boiled eggs G
We made them breakfast HHHHHHHHHHHHHHHHHHH breakfast HHHHHHHHHHHHHHHHHHH

My Heart

riff 3 (1x): riff 4 (1x)

(chords: riff 1 5x)

Not so long ago
We both felt love became a word
No more than that
With sex that felt like wings without a bird

(chords: riff 1 3x)

The only thing that we both love Is in the cradle that we rock
Six hands, six feet, but just one beat The ticking of the clock
I always heard I could get hurt I knew that from the start

(chords: riff 2 1x)

Break my face, my back, my arms, my neck But please don't break my heard
Break my face, my back, my arms, my neck But please don't break my heard

riff 3 (1x)

(chords: riff 1 3x)

Solid wood will rot If you don't keep it from the rain
We were suprised when we found out That love feels just like pain

Losing You

Intro:

I'm losing you x2
Am G D/F# Fmaj7 x2

Verse 1:

Am G
Welcome the rainbow, fading to gray
D/F# (sus4/sus2) Fmaj7 (G)
Spinning around us, making me say
Am G
I'm looking for something like most of us do
D/F# Fmaj7
I'm looking at god but he's looking at you
Am G
He looks for a driver to take him back home
D/F# Fmaj7
To get it together by being alone
Am G
I'm sure he's a writer, he wrote me just now
D/F# Fmaj7
The letter is empty like I'm living now

Chorus:

Am G F F E
But that feels good to do
Am G F E D
Compared to losing you

Verse 2:

Do I need a baby to smother the pain. To stop all I live through from being in vain
Vanity fills me, vanity's nice. But somehow it kills you by hitting you twice
So take it all brother, take it from me. All but my lover 'cause she is in me
So many lovers don't look but they find. We're lovers too but I'm losing my mind

Chorus:

But that feels good to do
Compared to losing you

C
Can I be a memory
G/B Am F
Can I be a part of your ways
C G Asus2
Can I be the moonlight, that shines on your beautiful face
Esus2 E
You can make me glow. I don't think you know...

Solo:

Am G D/F# Fmaj7 (4x)

Break:

I keep on singing a song is a dove
It lives in a desert to celebrate love

Verse 3:

May be tomorrow, may be tonight
You will look up and you'll know I'm all right
But me I'll be searching
Looking for truth
Finding a glimpse in a picture of you
I will be ready, ready to ride
Ready to roam as I'm burning inside

Chorus:

But that feels good to do
Compared to losing you

I Wanna Meet The Man

A
I've been thinking all night about this song
G F#m G A
The music's okay, but I can't find words to sing

verse 1:
(G G#) A E
I could sing that I'm a virgin and show my tits
F#m D
And decree how sex improves the world
A E
In which masturbation is the thing of the day
F#m D
I'm afraid I haven't got that much to say

A G G#

(chords: verse 1)
I thought about 'Hello, fool, I love you'
Or repeat a hundred times, 'How do you do'
I wanna dance with somebody, hey, I like that sound

But there ain't nobody humpin' around

A G D F G

A E F#m D

(chords: verse 1)
And while I sing these words to you
There's a rat in my kitchen, don't know what I'll do
Forget about the rat and sing along
'Cause we feel so strong and we can't go wrong
We walk hand in hand to the promised land

A G D F G
I think I met the man who wrote these lyrics
A G D F G
I guess I have ignored the things he said

He had a labrador and a lumping cat
Born in a country with a broken heart

The Ballad Of Lea & Paul

C C/B Am F

C C/B Am
Paul studied a lot, at least he pretended to
He had too much on his mind

C/B Am F
It was too small, to see the beauty of it all

C C/B Am F

C C/B Am
Lea loved him a lot, at least she pretended to
He was always on her mind

C/B Am F
She said, Paul, there's a fire in the hall

Am C G F
And when it finally burned the questions for the answers he had found
He realized it ought to be the other way around

Am F C E
There's a fire burning in the hall, it looks great,
I don't care, let it burn, I don't care, I don't care
I don't care at all

C C/B Am
They got married right on the spot, at least I presume they did
I have too much on my mind
To tell you the fall, of Lea and Paul, out in the hall

Am C G F
For the moment this song has stopped, they'll probably be dead
So it's better maybe wiser, to leave the rest unsaid

Am F C E
There's a fire burning in the hall, it looks great,
I don't care, let it burn, I don't care, I don't care
I don't care at all

Am F C
There's a fire burning in the hall
It looks great, I don't care,
let it burn
I don't care, I don't care
I don't care at all
I don't care at all, I don't care at all,
I don't care at all, I don't care at all
I don't care at all
C/B Am F C
I don't care at all, I don't care at all,
I don't care at all, I don't care at all

Asleep, asleep, I fall asleep
I'm never waking up
I wish I could accept me
But I think I'm giving up

There's so much love and beauty
Yet to come, I am aware
But what about the other things
I can no longer bear

Asleep, asleep, I fall asleep
I'm never waking up

Please, just let me be at peace
I want to feel the peace
I want to be the peace

Asleep, asleep, I fall asleep
I'm never waking up

Lyrics:

There you are, your beauty consoles me
I've come far
And I almost didn't found you
And I almost lived without you
There is nothing in this world I'd rather do
Then live in you

Here we go, our favorite adventure
You should know I was never more complete
And I'd never thought I'd see
The meaning of my life wrapped in you next to me

If you ever fear
Someday we might lose this
Come back here
To this moment that will last
And time can go so fast
When everything's exactly
Where it's at its very best

In your dreams, in your bed
E
in everyone and in your head
G#m
on the wall, it ain't white
F#
in every letter that you write
```

```
G#m
In the way people talk

in the shape of stones and rocks

he's your hero, he's your God
E          G#m E
he listens to this song and nods
G#m E          E
And nods

when you're happy, when you're down
G#m
it will pass, things will change
F#
but you don't want to hear that
```

```
G#m
In the scent of the air

on the clothes that people wear

you feel love, so does he
E          G#m E
and he's telling you, "I'm here"

I'm here

And I'm mostly very tired

Life is easy when you fake it
Right until you realize
Your happiness is unrelated to anything you have inside
And it doesn't feel right
And I'm mostly very tired

Every change I get to restrict myself, I won't
Try to convince myself if there's anything for you
But I've been sure of what we feel

Quiet time is on their way
I still can't stand to be alone
It might be I who's so unstable
Very able to hold on
And I just don't feel right
And I'm mostly very tired

Old Woman

C F C F C F C

I saw an old woman in a wheelchair
 On the highway yesterday
 I saw an old woman in a wheelchair
 On the highway yesterday

And as I asked her to pull over
 To make sure no truck would hit her
 She smiled and mumbled, "okay, whatever you say."
 And I said, "I, I wonder why. I wonder why."

C F C F C F C

She said, "Girl, you're so naive
 And you're too young to understand
 I am now chasing my husband Stan
 A pale man in a black suit came to take him
 In trade for a cup of tea
 A pale man came to take him away from me"

And I said, "I see," (and I really did)
 "You go and chase him, go ahead
 And when you catch him will you send him my love
 And tell the pale man to make sure
 To call before he comes to take me too.
 To take me too."

Butterflies Instead

Intro: Only bass starting at "head"

I lock the door and lock my head And dream of butterflies instead
The beauty of their colored wings The trees, the grass and pretty things
Imagination fills the void of my existence

Dis Gis Cis
Daddy says "I love you girl, it's not your fault
Your mom and me don't get along"

I know he's lying, I know there's no such thing as
Inexplicable I hear, forget, this world in bed
And suddenly the sun comes up

That's when my pets all come alive They cheer me up and tell me
Everything's alright
Stuffed animals are always right

My favorite song, my favorite show
I wonder if they even know
Or if they care or if they even notice

I am standing there
I want my pets to come alive And cheer me up and tell me
Everything's alright
Stuffed animals are always right
Everything's alright
Stuffed animals are always right
Alright...

My eyes all red, the baby's wet
And someone has to get that phone
I want my pets to come alive and
Cheer me up and tell me

Alright...
Alright...

I lock the door and lock my head

D/F# Dsus2/G
How colors can change and even the texture of the rain
And what's that ugly stain on the bathroom floor
D/F#
I'd rather not deal with that right now,
Dsus2/G G A7sus4 A7 A7sus4 D/F#
I'd rather be floating in space somewhere or worry about the Ozon layer

Dsus2/G G A7sus4 A7 A7sus4
And it's almost like a corny movie scene
D/F# Dsus2/G
But I'm out of frame and the lightning's bad
G A7sus4 A7 A7sus4
And the music has no theme
D/F# Dsus2/G
And we're all so strong when nothing's wrong
G A7sus4
And the world is at our feet
D/F# Dsus2/G G
But how small we are when our love is far away
A7sus4 D/F# Dsus2/G G A7sus4 A7 A7sus4 D/F#
And all you need is you
